

## EGAO KIDS IMMUNO CARE

An extra support to the nutritional requirements of children.

From 3 years

## Features

**Egao Kids Immuno Care** drops is a food supplement based on vitamin D<sub>3</sub> and vitamin K<sub>2</sub> specially developed to meet the nutritional needs of children.

Vitamin D is important for a child's wellbeing as it contributes to the normal function of the immune system and is needed for normal growth and bone development in children. It also contributes to the maintenance of normal teeth and muscle function.

Vitamin D deficiency is most prevalent in infants, toddlers and adolescent aged groups, but is also common in women of child bearing age, resulting in babies being born with low vitamin D levels and the mothers having inadequate vitamin D levels in their breast milk.

**Egao Kids Immuno Care**, the extra support of vitamin D<sub>3</sub> and K<sub>2</sub> to complement the nutritional needs of the family's younger ones.

**BENEFITS:**

- Easy to use.
- Specially developed for children.
- Manufactured in the European Union.

**Gluten Free**  
**No added sugars**  
**Lactose Free**
