

## NEOLACT PREMIUM OPTIEXPERT 3

Premium Growing Up formula.  
0% sugar added.

From 12 months

## Features

**Neolact Premium OptiExpert 3** is a growing-up milk to complement your child's diet from their first year of life onwards.

Produced in Europe with the latest technology to guarantee a safe and quality product.

As a mother, you always want the best for your child. This is why **Neolact Premium OptiExpert 3** has been specifically formulated with the nutritional needs of your growing child in mind to support your child's development, especially their rapidly growing body and brain.

Containing more iron levels than those found on cow's milk. Iron favours the normal cognitive development and helps the immune system.

DHA: Docosahexaenoic acid is an omega-3 fatty acid present in breastmilk.

Information intended only for healthcare professionals.

All images and product sheets shown on the web are CODEX versions. Ciconea develops and manufactures each product in accordance with the legislation and instructions of the distributor in each country. This sheet is subject to be modified to correctly adapt its composition to the requirements of each country.

- ARA: Arachidonic acid is the most predominant long-chain polyunsaturated fatty acid in human milk.
- Vitamin D: contributes to the correct development of the immune system and is needed for the normal growth and development of bones in children.
- Calcium: contributes to the normal growth and development of bones in children.
- Iron: contributes to the normal cognitive development of children.
- Iodine: contributes to the normal growth of children.
- Prebiotics GOS.
- Nucleotides.

**Ciconea Nutrición** believes that food safety is essential. This is why all our formulas are produced in Europe under the most stringent quality and safety controls.

\*Contains naturally presents sugars.
